## Pharmacist

Dear Registrants,

I am excited to announce my candidacy for the Board of Directors of the Ontario College of Pharmacists. My commitment to the profession, alongside my dedication to public protection and improving healthcare services, drives me to seek this important role.

As a clinical pharmacist, pharmacy owner, and Master's candidate at the University of Toronto with a focus on paediatric oncology, I bring a unique blend of advanced clinical knowledge and a deep understanding of specialized patient needs. This academic pursuit complements my practical experience, equipping me to contribute effectively to the Board's mission.

My platform is built on three core pillars:

- **Public Protection:** Ensuring the safety and well-being of patients is my foremost priority. I am committed to advocating for regulatory practices that uphold the highest standards of care and prevent harm.
- **Safe and Healthy Work Environment:** Providing a supportive and healthy work environment for all registrants is crucial. I will work to implement policies that ensure pharmacists can perform their duties in a safe and stress-free environment, which in turn enhances patient care.
- **Enhanced Healthcare Services:** Guaranteeing better quality healthcare services is essential for our profession's growth and reputation. I will strive to develop and promote initiatives that improve service delivery, patient outcomes, and overall healthcare quality.

If elected to the Board, I am committed to leveraging my skills and experiences to effect positive change. I will actively engage with registrants, listen to your concerns, and work diligently to ensure that the College's policies and decisions promote the well-being of both registrants and patients.

I humbly request your support and trust. Together, we can shape the future of pharmacy, fostering a profession that not only meets but exceeds the expectations of those we serve.

Thank you for your consideration.
